Prof Carsten A Holz
Professor
Division of Social Science
HKUST

Dear Prof Holz,

Thank you for your email message of 14 February.

In consultation with the responsible colleagues, I have thoroughly considered your arguments once again. I remain of the view that the issues at stake are of academic nature and do not fall under any grievance procedures. I understand that Dr David Mole, Associate Provost (Teaching and Learning), is ready to give you more specific advice.

Yours sincerely,

Tony F Chan
President
